

Dutch truck (Euro 6).

Conversion kit for Italeri DAF XF 105. 1/24

Warning!

This kit requires to use a donor chassis. As default chassis we suggest to use Italeri DAF XF 105.

Please follow this instruction while assembling, otherwise you could face problems with assembling the model.

Photo-etched parts have sharp edges, please be careful.

This model kit contains small parts and is not suitable for children.

For building this model some modelling skills are required.
